Easing The HMDA Burden: You Don't Have To Hate HMDA

Credits – 11 CPE

March 7 & 8, 2019

[Marriott Prattville Hotel & Conference Center](#)

This two day "hands on" interactive workshop will show you how to master HMDA reporting and decision making. You will be able to identify HMDA reportable dwellings and HMDA reportable loans, learn how to quickly spot business purpose loans and how to decide what is the correct data to report on the HMDA LAR including the tricky situations that seem to trip everyone up. Reporting can be easier once you master "HMDA Thinking" and are familiar with using the resources that are available.

The workshop manual will include tools that will make your HMDA life bearable.

Learning Objectives:

- Understand how HMDA defines terms, vs Regulation Z or industry terms.
- Quickly decide if a loan is HMDA reportable
- HMDA dwelling types at a glance
- Know what resources are available and how to use them
- Who should be responsible for what in the financial institution to allow accurate reporting

Bring your HMDA questions and they will be answered.
